

PRACTICE CONTRACT

Student is required to practice at least 180 minutes each week.

Please document the amount of time spent practicing each day. This will help me give you an appropriate assignment each week. Remember, 180 minutes is a minimum amount of practice time. Older students and those students taking 45 or 60 minute lessons should consider longer practice sessions, especially on the weekends.

After every 1000 minutes of practice, get a prize from the Treasure Chest.
